~ Access to Information & Privacy Team~

Did you know?

Health PEI has its very own Access to Information & Privacy (ATIP) Team! We are committed to supporting your privacy and access needs, including developing helpful resources that staff can access on their own or that can be used for team education at staff meetings and huddles. Check out our [SRC page](#) to see what we've been working on!

Your ATIP team can assist or support with things like:

- Managing privacy breaches
- General privacy related questions
- Privacy & access related education resources
- Obtaining access audits
- Contract reviews for privacy considerations
- Privacy reviews and site assessments
- Questions about release of information
- Correction of personal health information requests
- Advice and support with Privacy Impact Assessments (PIAs)
