

Get to Know Health PEI's Strategic Plan

In late October 2021, Health PEI launched a new **three-year Strategic Plan for 2021-2024**. Health PEI's new strategic plan identifies the priorities and key actions we will focus on over the next three years. Healthcare organizations developing and monitoring a strategic plan is an expectation outlined in Accreditation Canada's Leadership and Governance Standards.

The 2021-2024 strategic plan was developed after an extensive jurisdictional review, engagement with Health PEI staff and physicians, leadership, community organizations, professional associations and colleges, unions, and the general public. This strategic plan includes **new vision, mission and value statements** which are summarized below.

VISION STATEMENT:

Healthy Teams, Healthy People and Healthy Island Communities.

MISSION STATEMENT:

Our valued health team working with Island communities to deliver inclusive, innovative and person-centered health care to all.

VALUES:

- **CARING:** We treat everyone with compassion, respect, fairness and dignity.
- **INTEGRITY:** We collaborate in an environment of trust, communicate with openness and honesty, and are accountable through responsible decision making.
- **EXCELLENCE:** We pursue continuous quality improvement through innovation, integration, and the adoption of evidence-based practices.
- **DIVERSITY:** We recognize and value the differences our team and our local community brings to the organization through their diversity in backgrounds, experiences, cultures and beliefs.
