

GET TO KNOW HEALTH PEI'S STRATEGIC PLAN

- In October 2025, Health PEI launched a new **three-year 2025-2028 Strategic Plan**. Health PEI's new strategic plan identifies the priorities and key actions we will focus on over the next three years.
- Healthcare organizations developing and monitoring a strategic plan is an expectation outlined in Accreditation Canada's Leadership and Governance Standards.
- This strategic plan includes a **new mission, vision, values and priorities**. The status of strategic plan implementation will be reported regularly throughout 2025-2028 to the public and government partners.
- Health PEI is entering this next three year cycle at a time of significant pressure and opportunity. Strengthening primary care, stabilizing our workforce, and integrating services are essential to sustained improvement.

You can find more about **Health PEI's 2025-2028 Strategic Plan** on Health PEI's [Staff Resource Centre](#)
