724 SERVER UPGRADE

NOVEMBER 8TH

1200HRS - 1500HRS

Please be aware on November 8 from 1200 until approximately 1500, the CIS 724 downtime computers will not be getting patient data updates due to an upgrade taking place on the 724 servers. Once the upgrade is complete, patient data will take a few hours to sync back up, resulting in delays of up to 2 hours for the downtime computers to be current.

We apologize for any inconvenience this may cause.
