

NOTIFICATION

ATTENTION: ALL PHYSICIANS/ALLIED HEALTH USERS

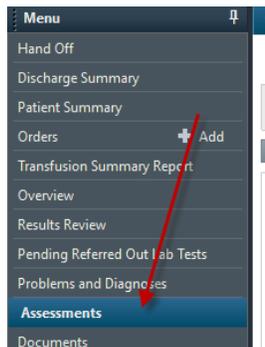

On Monday, December 5th, 2022, the implementation of iView occurred in acute care. This will change the way Nursing staff document their assessment.

These updates will affect:

- Acute Care Adult Inpatient Units
- Pediatric Inpatient Units
- PACU
- Emergency

What will remain the same after this iView implementation:

- All information entered via iView and PowerForms can be reviewed via the “Assessments” tab.

- Vitals will continue to post to the “Results Review” tab.
- Allied Health documentation will remain on PowerForms
 - ◊ There may be some exceptions for Respiratory Therapy (check at your site)
- Nursing Progress notes and some forms will be found under the Documentation tab
- ICU (QEH) and Same Day Surgery (QEH) and Mental Health- (QEH and HH) documentation remains unchanged.

What will change after this iView implementation?

- Any information entered through iView will not be found in Form Browser or Documentation tabs.

Reminders:

- Post Go-live: iView content can be reviewed from I & O/iView tab OR on the Assessments tab.
