

ATTENTION: ALL FACILITIES

CHANGES TO CIS KIOSK AND EXPLICIT COMPUTERS

APRIL 5, 2017 @ 1800HRS

On Wednesday April 5 starting at 1800hrs, CIS will be changing the Cerner Apps folder on all **KIOSK** computers (the computers that login automatically). The new folder will be called 2017 Cerner Apps. In order to get the new folder, KIOSK computers will need to be restarted. The restart can be postponed but will be forced within 5hrs if not completed. We recommend you restart as soon as you are prompted to avoid any issues accessing your CIS applications.

Once restarted, the new 2017 Cerner Apps folder will appear and existing Cerner Apps folder will be deleted.

The remaining **EXPLICIT** computers will be updated starting on Thursday April 6 at 1800hrs (those computers you have to login with your own username and password).

If you run into any issues accessing your CIS applications after this change, please call the Service Centre at 3600.

Further Information:

Bulletins are available for viewing at: <http://iis.peigov/cis>

If you have questions please contact ITSS Service Centre:
