

MONTHLY BULLETIN

ATTENTION: ALL FACILITIES

**UPDATES OCCURRING WITHIN THE CIS THE
WEEK OF - OCTOBER 30TH, 2017**

The following solution areas have updates:

Pharmacy - Page 2

PowerChart - Page 3

Labs - Page 4

UPCOMING EVENTS

There will be a scheduled downtime on Sunday, November 5th at 00:45 to allow for the Daylight Savings Time change. There will be a bulletin specific to this sent out next week as a reminder.

Pharmacy Updates:

Therapeutic Substitution: When inpatient orders are placed (either new orders or home medications/ prescriptions converted to inpatient orders) for the following medications, the order will automatically switch to the approved inpatient substitution:

- 1) acetaminophen/Tylenol Extra Strength → acetaminophen/Tylenol Regular Strength
- 2) tamsulosin/Flomax capsules → tamsulosin/Flomax tablets
- 3) esomeprazole/Nexium → pantoprazole/Tecta
- 4) lansoprazole/Prevacid → pantoprazole/Tecta
- 5) rabeprazole/Pariet → pantoprazole/Tecta
- 6) Dexlansoprazole/Dexilant → pantoprazole/Tecta

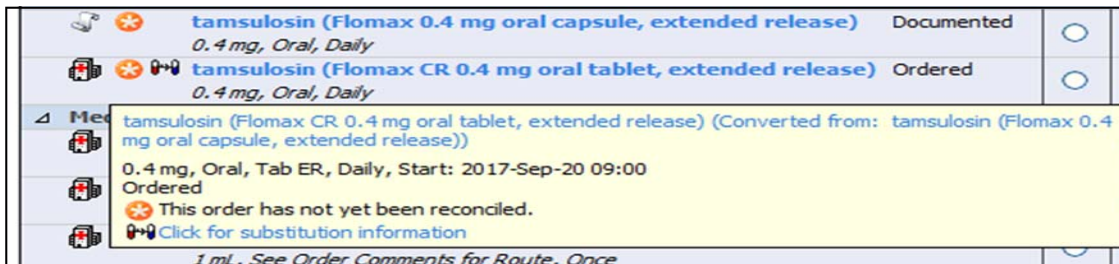

This icon will appear next to the order if a substitution has occurred:

Display in the Med Rec window:

If the patient prefers to use their own medication, the request can be sent to Pharmacy to switch the order back.

Hovering over the icon will provide substitution information:

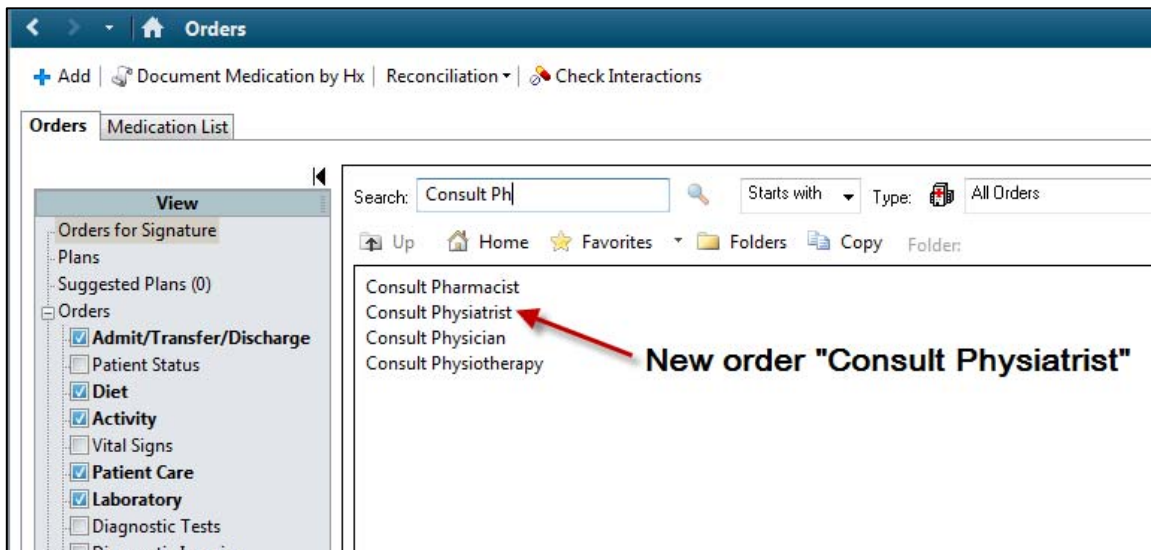

“Click for substitution information”:

PowerChart Updates: **For Physicians Only**

New Order - Consult Psychiatrist: A new order will be available within CIS called “**Consult Psychiatrist**”. This order will need to be used when a consult to the psychiatry medical service is being requested. The Consult Physician order can no longer be used for the purpose of consulting the psychiatry medical service - **this new Consult Psychiatrist order must be used instead.**

Order Details

The screenshot shows the 'Details for Consult Psychiatrist' form. It has two tabs: 'Details' and 'Order Comments'. The 'Details' tab is active. The form contains the following fields:

- Consult Reason: [Dropdown menu]
- Priority: Routine [Dropdown menu]
- Start Date/Time: 2017-Oct-13 [Date/Time picker]
- Other consult reason/background: [Text input field]
- Consultant Verbally Aware: Yes No
- Is there a specific question: [Text input field]

The order details contain fields that need to be filled out by the physician making the consult request. This will provide information to the Psychiatrist who will be conducting the consult.

Lab Updates:

To comply with our send out location:

- Long Chain Fatty Acids will now be referred to as **Fatty Acids Long Chain**

Before Change:

Previously CPOE orders were found searching under “Long Chain Fatty Acids”
