

ATTENTION: ALL ENDUSERS

SCHEDULED DOWNTIME

SUNDAY APRIL 29TH, 2018

STARTING AT 0030HRS

Please be advised that there will be a scheduled downtime of the Clinical Information System starting Sunday April 29th at 0030hrs until approximately 0530hrs. The downtime is required to complete a code upgrade.

All facilities should refer to existing downtime procedures and to use the 724 Downtime Application for Scheduled Downtimes.

The 724 PowerChart shortcut will be available through the Cerner Apps folder on all CIS computers.

724 PowerChart

You can log into the 724 PowerChart with the red 'Downtime' screen using your existing username and password.

Further Information:

Bulletins are available for viewing at: <http://iis.peigov/cis>

If you have questions please contact ITSS Service Centre:

Phone 3600 in Charlottetown, (6)-3600 outside Charlottetown;

Email (non-urgent) - type "Service Centre" in GroupWise.
