UPCOMING EVENTS

As of June 1, 2019 the internal CIS website will no longer be used for posting monthly bulletins and training materials. We will be transitioning to the Staff Resource Centre website. Details to follow next month.

PowerChart

New PowerPlan: There is a new PowerPlan for Albumin product transfusion. This will replace the single transfuse orders and the caresets.

Implementation of Automated Dispensing Cabinet - May 7th 2019 (QEH) & June 17th 2019 (PCH):

One time orders with an ordering physician of 'Contributor Source PHARM_ADC' will display on the orders tab when a dispense has happened from an automated dispensing cabinet (ADC) for an order that has yet to be verified by Pharmacy. These one time orders will not display on the Med List or the eMAR.
