ATTENTION: ALL FACILITIES

UPDATES OCCURRING WITHIN THE CIS THE

WEEK OF - AUG 28TH 2023

The following solution areas have updates:

PowerChart, FirstNet & SurgiNet - Page 2

UPCOMING EVENTS

Privacy Matters Corner...

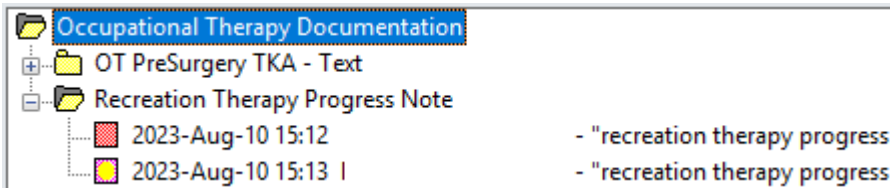

Did you know that individuals have the right to request an audit of who has accessed their chart in CIS? This type of request would typically be directed to the privacy office and the Access to Information and Privacy (ATIP) team would provide the information to the person making the request. If the individual has any concerns about accesses identified on the audit report, the ATIP team will conduct an investigation to ensure there were no unauthorized accesses.

PowerChart, FirstNet & SurgiNet Updates:

New Note Type:

Recreation Therapy Progress note - will be located under Occupational Therapy Documentation folder on the Documents tab.

Update to credentials for Graduate Nurses - GN will be replaced with Provisional RN and attached to the staff nurses name as it displays in CIS on documentation.
