

MONTHLY BULLETIN

ATTENTION: ALL FACILITIES

**UPDATES OCCURRING WITHIN THE CIS THE
WEEK OF - FEBRUARY 28TH, 2022**

The following solution areas have updates:

Pharmacy - Page 2

PowerChart, FirstNet & SurgiNet - Pages 2 - 4

Diagnostic Imaging - Page 4

UPCOMING EVENTS

There will be a refresh of the TRAIN domain from March 7th - April 20th. The domain will be unavailable starting at 5pm on March 4th.

Privacy Matters Corner...

Being aware of who may be able to see your screen when you are viewing confidential and sensitive information is very important. Turning the screen, using a screen blocker, and accessing information at a different time are all great solutions to keeping peoples information protected and secure.

Pharmacy Updates:

Addition of “(central line use only)” to select potassium chloride/KCL IV Bolus order synonyms

The term (central line use only) has been added to order synonyms for potassium chloride/KCI IV bolus products that are intended for central line use. This update was made in order to reduce the occurrence that these products are ordered for patients with only peripheral line access.

potassium chloride KCI IV Bolus 10 mEq/100 mL in Sterile Water
 potassium chloride KCI IV Bolus 10 mEq/50 mL in Sterile Water (central line use only)
 potassium chloride KCI IV Bolus 20 mEq/100 mL in Sterile Water (central line use only)

KCI IV Bolus 10 mEq/100 mL in Sterile Water
 KCI IV Bolus 10 mEq/50 mL in Sterile Water (central line use only)
 KCI IV Bolus 20 mEq/100 mL in Sterile Water (central line use only)

PowerChart/FirstNet/SurgiNet Updates:

FYI: Update to Midline and Central Venous Access Device forms/iView

The data fields for measurements taken at time of insertion and daily/prn have been updated and instructions/reference documents provided.

Heart Rate Monitored is being added to vital signs sections of power forms and iView.

PowerForm

PowerChart/FirstNet/SurgiNet Updates: (continued)

Updates to Health Care Directive form

On the Admission History the Health Care Directive section has a new required field and updated conditional logic.

Answering 'Yes' activates the Health Care Directive details and Proxy information.

Answering 'No' activates the Substitute Descion Maker information.

At the top of the form is a new field which will post previously documented POA and SDM information. Same updates apply to the stand alone Health Care Directive form.

Reminder: Patch Remove Order

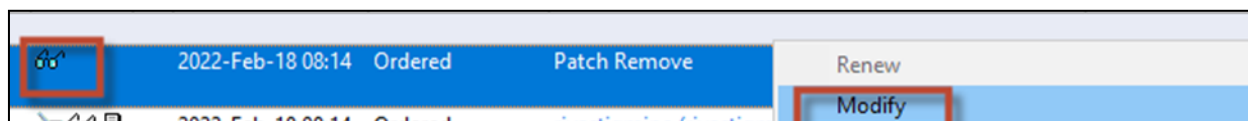

Recently an order for Patch Remove was added. This order is automatically placed after a physician has ordered a patch order (eg. rivastigimne patch).

	Last Updated	Status	Order Name	Details
Inpatient	2022-Feb-18 08:14	Ordered	2 Patch Remove	1 each, See Order Comments for Route, Start: 2022-Feb-19 09:00 For: rivastigimine *** Frequency and Start Date/Time to correspond to the ...
	2022-Feb-18 08:14	Ordered	1 rivastigimine (rivastigimine 10 patch)	1 patch(s), Transdermal, Patch, Daily, Start: 2022-Feb-18 09:00 Provides 9.5 mg/24 hr

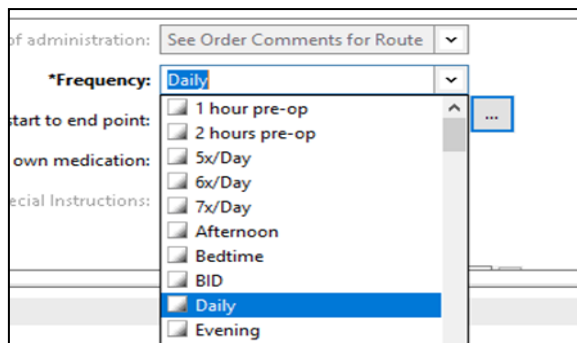

PowerChart/FirstNet/SurgiNet Updates: (continued)

Reminder: Patch Remove Order (continued)

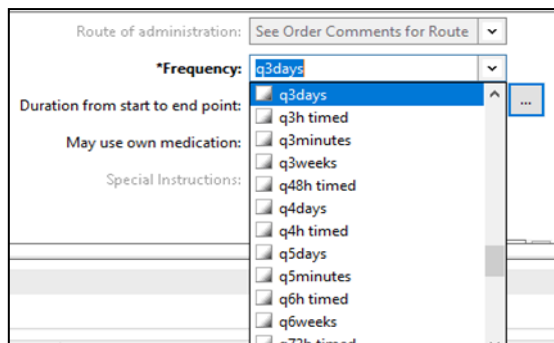

When the nurse is reviewing the new order, the nurse **will need to modify the order** to add a frequency dependent on when the patch needs to be removed (daily, bedtime, q3days etc)

Before

After

After the order has been modified there will be a task on the MAR for the nurse to complete at the appropriate time

Medications	2022-Feb-18 09:00

Patch Remove	Not given within 31 days.
**See Patch Order for Remove Time and Reschedule Task, See Order Comments for Route, Daily, Start: 2022-Feb-18 09:00	
For: rivastigmine *** Frequency and S...	
Patch Remove	
rivastigmine (rivastigmine 10 patch)	1 patch(s)
1 patch(s), Transdermal, Patch, Daily, Start: 2022-Feb-18 09:00	Not given within 31 days.
Provides 9.5 mg/24 hr rivastigmine	

DI Updates:

Diagnostic image changes for CT preps: Starting March 1st, both PCH and QEH will be using Gastrografin for CTs and no longer using Telebrix. Please note, there are new mixing instructions for Gastrografin and will be added to CIS on March 1st for nursing prep instructions.
