Integumentary As:	Tim Carrievascular - REV
Surgical Drains/T	ENT - Ears, Nose, Mouth, Throat, Neck - RFV
Upper Neurovasc	Control of the second s
Lower Neurovasc	Gastromitestinal-Or V
Mental Health	
Neurological	Onset of Symptoms
Glasgow Coma	Last Time Seen Normal

1. Expand and select from category folders and ED Reason for Visit folder by clicking on the folder icon.

- 2. Double-click to select appropriate RFV from drop down list.
- 3. RFV populates to Diagnosis . Click OK.

4. When selecting the RFV, the Triage Nurses must select Subset and PNED in order to have the RFV populate to PNED.
