

Viewing Reference Manual from the MAR

Drug reference material and education leaflets for patients are within this function.

This function is available on:

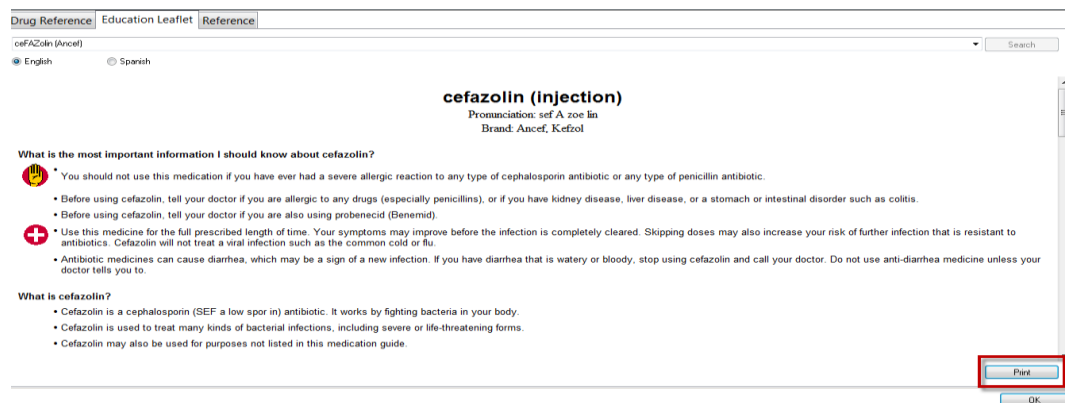

- Reference Manual tab
- MAR
- MAR Summary
- Orders tab
- Med List tab

To view reference manual materials, complete the following steps:

1. Right-click in the medication cell.
2. Select **“Reference Manual”**.

3. The selected reference material is displayed.
4. To print the education leaflet, click **“Print”**

5. To return to the MAR, click **“OK”**, or click  in the upper right corner.

Note: For multi-ingredient IV infusions, you must view the reference information from the Orders Page, not the MAR.
