

MONTHLY BULLETIN

ATTENTION: ALL FACILITIES

**UPDATES OCCURRING WITHIN THE CIS THE
WEEK OF - JULY 27TH, 2020**

The following solution areas have updates:

PowerChart - Pages 2 - 3

FirstNet - Pages 4 - 5

Lab - Page 6

UPCOMING EVENTS

There are no upcoming events in CIS.

PowerChart Updates:

New Field for Infrared Temperature - Addition of a new field for documentation.

Organ & Tissue Donation - There has been a revision to the contact information on the Organ and Tissue Donation - Record of Discussion form

Candidate to Donate Organs

Candidate to Donate Organs		
	Yes	No
Glasgow Coma Scale <= 5	X	
Irreversible brain injury		
Ventilator dependent		
End of Life discussion with Family		

If all four of these conditions exist, prior to approaching the family for donation, call the Organ Donor Coordinator at 902-473-2222 to discuss eligibility.

If the patient is eligible, call the "Intent to Donate" local registry at 902-438-4200

Tissue Donation Screening Tool

If any ONE of the above contradictions exists. DO NOT MAKE A REFERRAL.

If NO contradictions exist, prior to approaching the family for donation, Call the Tissue Bank Specialist at 902-473-2222 to discuss eligibility.

If the patient is eligible, call the "Intent to Donate" local registry at 902-438-4200

 No Allergies Documented

Bristol Stool Chart - Addition of the Bristol Stool Chart to the Focused Assessment - Gastrointestinal

The screenshot shows the 'Focused Assessment - Gastrointestinal' form for 'ZZ TEST, PATIENT THREE'. The 'Assessment' section is expanded, showing various categories like GI Symptoms, Oral Assessment, Emesis Description, Abdomen Description, Abdomen Palpation, Abdominal Quadrant Assessment, Masses Location, Abdominal Girth, Constipation Duration, Diarrhea Frequency, Vomiting Frequency, Vomiting Duration, Passing Flatus, Stool Description, Stool Color, and Last Bowel Movement. The 'Bristol Stool Chart' section is highlighted with a red box and contains a 'Document assessment' button and a date field set to '2020-Jul-10'.

The Bristol Stool Chart will pull through the last 3 recordings for the Date of Last Bowel Movement and the Stool Type History

The screenshot shows the 'Bristol Stool Chart' form for 'ZZ TEST, PATIENT THREE'. It features a section for 'Bowel Movements - Last 3 Recordings' with the following data:

Date of Last Bowel Movement	07/10/20 (07/16/20 14:18:00)
Bowel Movement Last Date:	07/08/20 (07/16/20 11:08:00)
Bowel Movement Last Date:	07/08/20 (07/16/20 11:07:00)

Below this, there are sections for 'Stool Type' (radio buttons for Type 1-7) and 'Stool Type History' (text area showing previous recordings):

Stool Type History
 Stool Type: Type 5 - Soft blobs with clear-cut edges (07/16/20 11:08:00)
 Stool Type: Type 1 - Separate hard lumps, like nuts (07/16/20 11:07:00)

At the bottom, there is a 'Bristol Stool Chart Reference' section with a text area.

FirstNet Updates:

Order Comment for ED Admit Order - the order comment is being updated to reflect current practice.

ED Admit Order
Details:
Attending Physician: Unknown Physician, Physician,, Date: 2020-Jul-09 15:00
