

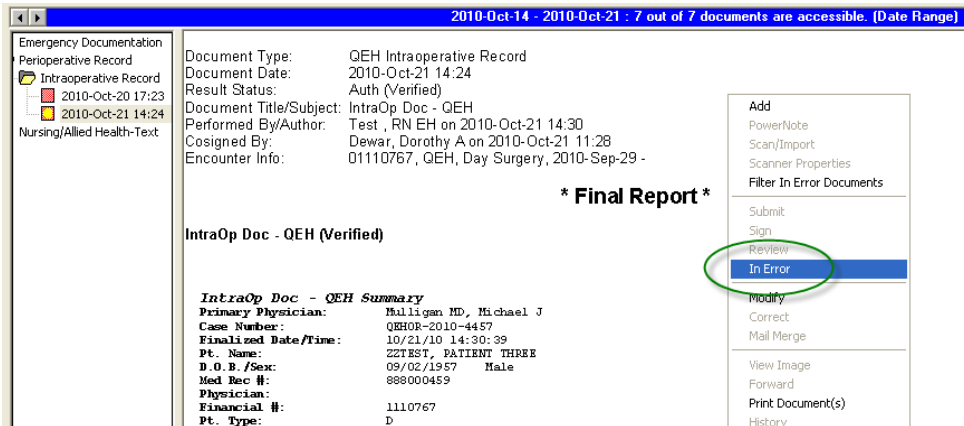

Charting Has Occurred on Wrong Patient After Finalization

If the entire case is charted on the wrong patient, and the documentation has already been finalized, the nurse will have to:

1. Terminate as per the section above.
2. Go to the Documents screen and find the textual version of the intraoperative record. Right click and select 'In Error'.

3. You will be prompted to enter a comment. Type your comment and select OK.
