

Health PEI Health Care Workers Frequently Asked Questions

TRAVEL

Updated March 11, 2022

1. Q: I have travelled within Canada. Am I required to self-isolate or be tested?

Effective February 28, 2022 isolation will no longer be required, regardless of vaccination status. Testing will be required as per CPHO guidelines.

2. Q: I have travelled internationally. Am I required to self-isolate or be tested?

Please note, staff must ensure they are aware of potential isolation and testing measures they may have to adhere to while travelling in different countries. Isolation time should be taken into consideration when requesting leaves and must be pre-approved by your Manager.
