## COLORECTAL CANCER SCREENING PROGRAM

### FIT Kit Request Calls

#### 1. Are you between the ages of 45 – 74 years?

**Yes** proceed to next question.

**No** They are outside the age of the screening program.  
They should speak with their physician or nurse practitioner if they feel they need screening.

#### 2. Have you had a colonoscopy in the last 5 years?

**Yes** They do not need screening until colonoscopy routine is finished or 5 years from last scope.

**No** Proceed to next question

#### 3. Do you or your immediate family have a history of colon cancer, cancer of the bowel?

**Yes** They are at an increased risk and need to speak with their physician or nurse practitioner. They may need a colonoscopy following the pathway inside this brochure

**No** Proceed to next question

#### 4. Have you completed a stool sample (FIT) to test for blood in stool in the last 2 years?

**Yes** FIT testing is recommended every 2 years; they do not need screening now. They should speak with their physician or nurse practitioner if they feel they need screening.

**No** Hand out a FIT testing kit or get address details to mail the kit
