Health PEI

New Diagnostic Imaging Requisitions

August 16th, 2021

This information applies to: Physicians, Nurse Practitioners, Directors of Nursing, Nurse Managers, Clinical Instructors/Educators, LTC, DI Managers

Please be advised that Diagnostic Imaging has revised the Provincial Diagnostic Imaging Request form and has created a new requisition specifically for Echocardiograms. The new forms will have the following identification codes at the bottom of the form:

Request for Diagnostic Consultation ID Code: 101074-0005(01/21)
Echocardiogram Request ID Code: 101011.0025 (03/2021)

Ensure all older versions of the DI request form are destroyed at your site. All echo requests must be filled out on the appropriate Echocardiogram form, including the backside (TEE Pre-Procedure Checklist) if a TEE is requested.

Highlighted changes to the Provincial DI forms include:

- Contact numbers to book General x-ray appointments for all DI sites
- On-line booking ad for x-ray appointments at QEH and PCH DI departments
- “Malignancy” section has been moved under clinical history
- Dept. of National Defense (DND) and Non-Canadian Resident have been added to the billing section

The requisitions can be found on the **Provincial Diagnostic Imaging Website:**

www.src.healthpei.ca/diagnostic-imaging
