Blood Collection Services

August 20, 2020

This information applies to: Prince County Physicians and Nurse Practitioners

In an effort to help alleviate wait times for blood collections at Prince County Hospital, Provincial Laboratory Services will be offering a pilot program for routine blood collection services at the Kensington Health Clinic starting Monday August 24, 2020.

To access these services please phone the PCH laboratory at 902-438-4280. Services provided are by appointment only. No walk-ins are accepted. Any urgent collections are still being directed to PCH.

The clinic will be in operation Monday to Friday from 8 am to 2 pm.
