## New PT Reference Ranges (Intervals) at QEH

February 19, 2021

***This information applies to:*** *Island Physicians, Nurse Practitioners and QEH Nurse Educators*

Effective February 26, 2021, QEH will be introducing a new reagent for testing prothrombin time (PT).

As a result, the ADULT reference (normal) ranges (intervals) for the PT performed at this site will be changing:

TEST	OLD REFERENCE RANGE	NEW REFERENCE RANGE
PT	11.7 – 14.2 seconds	11.2 – 14.8 seconds

When reviewing your coagulation test results, please note the new reference ranges that are provided with each test.

***For more information, contact:***
