To establish additional bed capacity within the QEH, and establish a standardized process for filling all shifts within 24/7 environment over a two-month period in response to critical overcapacity at the QEH.

Queen Elizabeth Hospital is seeking expressions of interest from Licensed Practical Nurses (LPNs) and Patient Care Workers (PCWs) to support four Alternate Level of Care (ALC) patients awaiting long-term care placement. These patients will be cared for in a designated area within the EDSSU, operating as an extension of Unit 3.

While 12-hour shifts are preferred, flexibility for 8-hour day, evening, or night shifts will be considered based on operational requirements.
