

PRINCE EDWARD ISLAND DRUG PROGRAMS

MAXIMUM REIMBURSABLE PRICE LIST

EFFECTIVE DATE OCTOBER 7, 2025

Special Authorizations are required for coverage of some of the products on the list. In addition, some products are only covered by programs delivered through the Provincial Pharmacy. Please check the PEI Pharmacare Formulary and updates to the Formulary for the benefit status of specific products.

Categories denoted with an asterisk * are the result of the Pan-Canadian Competitive Value Price Initiative for Generic Drugs and have had their MRP reduced to 10 or 18 percent of the brand name price effective April 1, 2018.

As a result of the existing agreement with the CGPA, pricing for some pan-Canadian Select Molecules were reduced on May 23, 2022 from (approximately) 18% to 15% of relevant Brand Reference Prices: Alendronate, Atenolol, Bisoprolol, Carvedilol, Dutasteride, Finasteride, Risedronate & Risperidone.

Adobe Acrobat (pdf) and Excel versions of the list are available on the PEI Government website at www.healthpei.ca/pharmacare under "Resources for Pharmacists".
