Memorandum

To: **Primary McKesson Distribution Community Pharmacies, PEI Pharmacy Association, McKesson Distribution**

From: Department of Health and Wellness Pharmacy Services (Pharmacare and Pharmaceutical Services), Tel: 902-368-4947

Date: September 17, 2026

Subject: **Administration of Publicly Funded COVID-19 Vaccine by Pharmacists**

COVID-19 vaccines will soon be available for ordering. The **delivery date for the initial push orders** will be confirmed after all vaccine products arrive. The push order will be supplied as Spikevax PFS.

There are no changes to the reimbursement process through PEI Pharmacare.

DIN	Product	Pack Size for Ordering	Weekly Order Max	Item Number
02557770	Moderna SPIKEVAX PFS 12+ years	1 unit = 1 PFS (MSQ 10 PFS)	100 doses (100 units)	210305
02552035	Pfizer COMIRNATY PFS 12+ years	1 unit = 1 PFS (MSQ 10 PFS)	50 doses (50 units)	210319
02541858	Pfizer COMIRNATY SDV 5-11 years	1 unit = 1 vial (MSQ 10 vials)	10 doses (10 units)	210308

Important reminders:

- **Order only what is needed** based on your current demand to minimize wastage.
- Be mindful of the **refrigeration stability** of vaccines when determining order quantity.
- Vaccine supply may fluctuate, and intermittent supply disruptions may occur. Order available products rather than waiting for preferred brands. The majority of the pharmacy supply this season consists of **Spikevax prefilled syringes**.

There are no changes to the McKesson distribution process:

- **Order cut off times are based on your assigned weekly delivery day*. Late orders will not be processed.**
 - Monday at 2:00 PM for Tuesday delivery
 - Wednesday at 2:00 PM for Thursday delivery
- **PharmaClik provides confirmation of reserved quantity at the time of ordering.** Pharmacies are responsible for ensuring the correct vaccine and quantity is ordered. For questions or concerns about orders, please contact **McKesson support** prior to the order cut-off time.

Additional reminders:

- **Vaccines are not available through Pharmacare procurement.**
- Expired COVID vaccine may be destroyed on site. Quantities and type of vaccine must be reported to the CPHO for inventory management using the **Vaccine Wastage Reporting Form** found on the Resources for Community Pharmacies webpage.
- If at any point during the vaccination season a pharmacy has vaccine that has been compromised due to a **cold chain break**, please notify CPHO and complete the **Cold Chain Break Report** immediately to determine if the vaccine can be used. Do not dispose of the vaccine unless advised by CPHO.
