## LEAP programs provided by Pallium Canada

**Dear Colleagues,**

Here is the list of Pallium's award-winning Learning Essentials Approaches to Palliative Care (LEAP) courses on palliative care for health care organizations and professionals. LEAP courses provide health care professionals with the knowledge, attitudes, and skills to help provide palliative care to patients and families facing life-limiting illnesses in a more timely and effective way. LEAP courses are developed and peer-reviewed by volunteer pan-Canadian teams of subject matter experts who are committed to promoting the palliative approach to care.
