

Safety Talk

Making The Grade – Students are heading back to class!

EXPECT MORNING DELAYS

Returning to school impacts our workplaces. Whether you are managing a busy household or navigating a morning commute, give yourself a bit of extra time in your morning routines.

BACK TO BUS-NESS

School buses are returning to our roads and neighborhoods. With this we can expect frequent stops and slower traffic flows.

Reminder to always stop for flashing red lights.

SMOOTH TRANSITIONS

Consider allowing a little extra flexibility with meeting schedules over the first couple of weeks as we all adjust to changes at home and on Island roadways. Be patient and supportive of colleagues managing morning drop-offs and other back-to-school routines..

ADJUSTING TO THE NEW NORMAL

Whether navigating the first days of school or adapting to an empty nest as kids transition to higher education, major family milestones bring significant changes. We encourage you to take time to acknowledge these milestones and recognize their meaningful impact.

FOOD FOR THOUGHT

PEI families have access to a school lunch program that can simplify the daily “what is for lunch?” mystery. Check out the peischoolfood.ca site. Daily lunches are available with two payment options: 1. pay-what-you-can or 2. flat-rate. There are options for each day with a three-week rotating schedule.
