Important User Reminders!

1. Business Continuity Plan: Ensure Your Continuity Plan Is Ready

As hurricane season approaches, we want to remind all clinics of the importance of having a Business Continuity Plan in place to ensure uninterrupted patient care and EMR access during potential disruptions.

Please ensure your team is familiar with the plan.

You can find our Business Continuity Plan under the 'Additional Resources' tab on SRC-[EMR Business Continuity Plan](#)

If you have any questions or need support in reviewing or implementing your continuity plan, feel free to reach out to EMR Support at emrsupport@gov.pe.ca

2. Staff as Patients – Medical Results Handling

If a staff member is also a patient at your site, **please do not send their results via the CHR inbox**. Instead, send results through the **patient portal**, just as you do for all patients.

Thanks for keeping things consistent and secure!!

New Content!

1. Form Templates

As part of the Health Innovation Fund initiative, additional support was provided to increase patient access to “**Beck Exercise Physiology**” services. To support this, the following Referral

Form Templates will be made available in the Provincial EMR and will remain accessible for all users until December 2025.

- Chronic Pain - Beck Exercise Referral (active until Dec 2025)
- Chronic Disease Exercise Referral - Beck Physiology

Also available in Production:

- Vitalite Sante (NB) - MRI Requisition
- MHA - Eating Disorder Referral Package
