

## MEMORANDUM

**TO: Facility Leadership and Staff**

**FROM: Hanushya Tiwari**

**DATE of Notice: January 30<sup>th</sup>, 2026**

**SUBJECT: Scheduled Access Layer Switches Maintenance Notice – QEH – February 11<sup>th</sup>, 11:00 PM to 2:00 AM**

---

**Outage Date: February 11<sup>th</sup>, 2026, from 11:00 PM to 2:00 AM**

As part of the Modernizing Health Care Connectivity (MHCC) project, we'll be upgrading network equipment in specific areas of QEH. This will cause temporary network outages in the following location:

**Affected Areas at Queen Elizabeth Hospital:** (ITSS or Health Computers/Printers/Devices)

**The following areas on the 3rd Floor of QEH will be impacted; all lower floors will remain unaffected.**

- All Labs (Gen. Office, CA, Cytology, Hematology, Blood Transfusion, Endo, Chemistry, Histology, Immunology, Microbiology, Pathology, etc.)
- Human Resources
- PSC Offices
- Administration (Business Office)
- Maintenance Dept., Johnson Controls, Inc. (Penthouse)
- **\*\* Wireless on all of 3rd floor \*\***

**What to Expect:**

- All Health PEI computer networks (wired and wireless) will be unavailable in these areas during the outage window.
- Computers and devices connected to the Health PEI network will lose access to applications, data, and resources.
- Please use downtime procedures until your area is informed that service has been restored. Email communications will be distributed as soon as areas are completed.
- If there are any issues faced during the outage, please get in touch with Moeed Khan, and he can engage in the appropriate resources. Moeed Khan, ITSS Project Manager, [moeedkhan@gov.pe.ca](mailto:moeedkhan@gov.pe.ca) , 647-408-7784

**After the Outage:**

- ITSS will check and confirm network connectivity.
- ITSS will continue to monitor the network environment on site the next day should issues arise.

- A follow-up report will be shared.

If you face any issues, post-maintenance, please restart your device. If issues persist, please contact the Service Centre as per standard procedure on 902-620-3600.

Thank you for your patience as we work to improve our network infrastructure.
