

Wi-Fi Controllers - Scheduled Network Outage Notification - August 6th - Completed

Hi Everyone,

On Aug 6th, we successfully migrated 460x wireless access points from QEHWLC5 to QEHWLC7 at the locations listed below. Clients are confirmed to be authenticating successfully at each location.

Remaining Sites:

PCH (95x APs - migration scheduled for August 28th)

QEH (260x APs - migration scheduled for September 3rd)

2x locations (Mobile Dental Clinic & Summerside Vaccine Clinic) each with 1x AP per – will coordinate directly with each site to do at their convenience

Sites Migrated Today:
