KNOW?**

**Health PEI**

## STROKE ORIENTATION AND PROGRAM INFORMATION

On Health PEI's **Staff Resource Centre (SRC)** there is a stroke orientation for new staff, a refresher for existing staff, and resources available on all aspects of Health PEI's Organized Stroke Care Program (OSCP) and its services.

The online orientation contains resources from across the continuum of stroke care, including:

- Background information on the program.
- Assessment tools.
- Referral forms.
- Patient and Family Education Resources.
- Protocols.

## HOW DO I ACCESS THESE RESOURCES?

The resources outlined above can be accessed here: [Health PEI OSCP Information](#)

### PEI Organized Stroke Care Program Information

This orientation is intended to be a generic orientation to the Provincial Stroke Services. It is not intended to replace the site, service and role specific orientations that address operational policies, protocols and processes including and not limited to: documentation, workload measurement (if applicable), location of assessment tools/equipment, tour of work unit, etc.

For information on Stroke Care Pathways, visit <https://src.healthpei.ca/stroke-care-pathway>

**Some of the below documents may be password protected** If you are a Health PEI employee and would like to request access to these files, please contact:

902-218-0549 (Provincial Stroke Coordinator)  
902-218-0553 (Administrative Assistant)

### Questions Surveyors May Ask Staff:

What was your orientation to your role?

Did you find the information available to you on the SRC helpful in preparing for your role?

Is there anything else you would like to see in the stroke orientation and program information?

Please contact [provincialstrokecoordination@ihis.org](mailto:provincialstrokecoordination@ihis.org) for more information.
