

Stroke Distinction: Did You Know?

HOW IS PEI Organized Stroke Care Program (OSCP) organized?

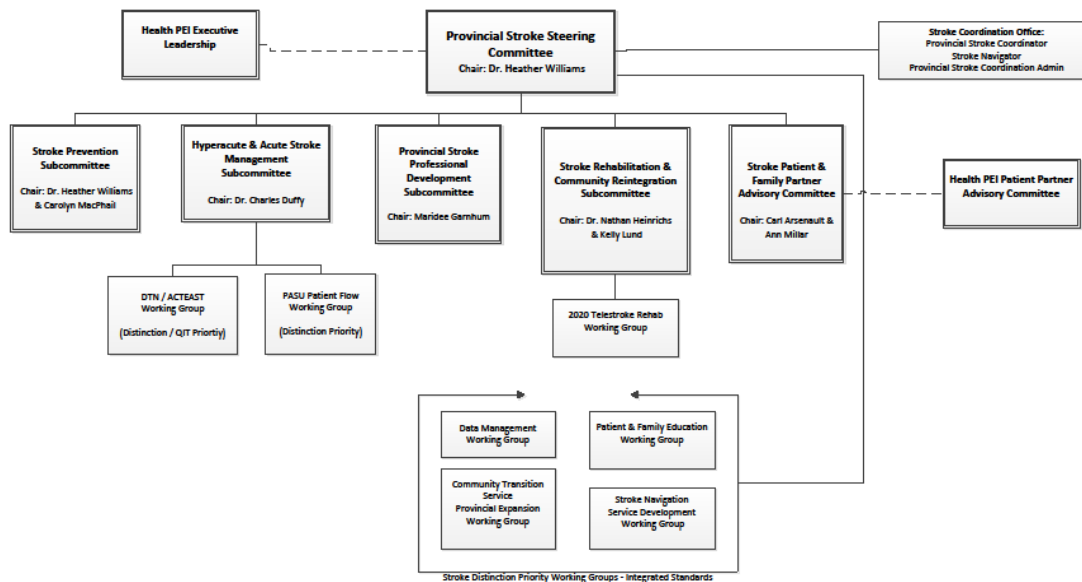

The Health PEI Organized Stroke Care Program (OSCP) promotes a coordinated approach for prevention, early assessment and comprehensive care by interdisciplinary health care teams. It provides integrated stroke care on a province wide scale, based on evidence informed practice across the care continuum

Enhance client experience and improve outcomes
Mitigate risk and increase efficiency
Improve teamwork and communication

AT HEALTH PEI: Survey Visit October 31-Nov 3

The domains of care are linked by a system of governance, communications, and evaluation and monitoring. The Provincial Stroke Steering Committee, comprised of representatives of HPEI divisions as well as IEMS and Heart and Stroke, is responsible for the strategic oversight of the program.
