MEMORANDUM

TO: Community Pharmacies
DATE: August 13, 2024
SUBJECT: **Glucose Sensor Program – product addition**

Effective August 27, 2024, the PEI Glucose Sensor Program will expand to include the **Medtronic Guardian™ 4 sensor and transmitter**. This new sensor will be available to eligible patients under the Glucose Sensor Program in addition to the already available Medtronic Guardian 3 Sensor.

Please note the following:

- The **Medtronic Guardian™ 4 sensor and transmitter** will only be compatible with the MiniMed™ 780G insulin pump model.

Device	Pseudo DIN	Wear time per sensor	Maximum annual # of devices	Packaged	Annual maximum # of dispenses	Quantity / day supply
Medtronic Guardian 4 Sensor	97798971	7 days	55 Sensors	5 per box	11 boxes per year	5 sensors every 35 days
Guardian 4 Transmitter (For Minimed 780G pump)	97798969	365 days	1 transmitter	1 per box	1 per year	1 transmitter every 365 days
