

ATTENTION PHYSICIANS

CHR NOTIFICATION: REMOVAL OF AUTHOR COPIES (DICTATED CIS DOCUMENTS)

Dictated documents created in CIS must be signed off in the CIS message center.

This step is a mandatory requirement.

- Currently, dictated documents are then sent through the EMR integration to the Providers inbox.
- This results in the author having to sign off the document in both CIS and EMR, creating duplication of work.
- **CHANGE:** Effective October 30th, the author copy will no longer be sent through to the EMR.
- If the author of the dictated document would like a copy, then they will need to **copy themselves on the dictated document or forward a copy from the CIS message center**

NOTE: Primary practitioners, and all copied physicians, will continue to receive a copy in their EMR inbox.

If you have any questions or concerns, please don't hesitate to contact EMR Support at emrsupport@gov.pe.ca

This will NOT affect non EMR physicians. Paper documents will continue to print as usual.
