QEHTHREE, PTMD5 Age:73 years Sex:Male Loc:Unit 3 QEH; 306; 1 ARO:MRSA

Inpatient [2018-Aug-22 08:15:00 - <No - Discharge date>] DOB:1946-Jun-23 MRN:029000212 ** Allergies ** RESUS:Do Not Resuscitate

Violent/Aggressive:

- **Patient Name:** clicking on the patient name opens patient Info screen.
- The **Inpatient date** and time the patient was admitted.
- **Violent and Aggressive** flag indicates if the patient has had a violent or aggressive incident. This will say “Yes” if they have been flagged.
- **Loc:** displays the patient’s current facility, unit, and room and bed number. Clicking it will launch the visit list or encounter list. You can change encounters/visits here by double clicking on the encounter you wish to open.
- **Allergies:** displays documented allergies as Allergies, No Known Allergies, or Allergies Not Recorded. Clicking on it gives you the ability to view/add/modify the allergy list.
- **ARO:** displays disease alerts (eg: MRSA, VRE)
- **Resus:** displays the code status when ordered (eg: Full Code) This does not cross encounters and needs to be entered as an order each admission.
