

Privacy Matters

Did you know that you can add a comment regarding your reason for accessing a patient chart, even with View-Only access?? It is good to do this if you are accessing a chart for reasons outside of your main role ie: when working multiple roles, picking up shifts in different areas, accessing the chart outside of your scheduled shift, etc. This “comment” can be included in the auditing process and quickly shows your reason for accessing a chart. For more information on how to do this, please go to https://src.healthpei.ca/sites/src.healthpei.ca/files/CIS/Privacy_Matters_April_2021.pdf
