

## Privacy Matters

Have you (or your staff) changed jobs, changed or switched roles within Health PEI or moved to a role outside of Health PEI? Did you know that any time you change your role, leave a position or go on leave, a change form must be completed to update your status within CIS? The next time you log in, check to make sure your role in CIS is appropriate for your current job and if you have any questions, discuss with your manager!

**ITSS Access Modification Form for CIS End Users can be found at <http://iis.peigov/>**
