

Virtual Hallway

Virtual Hallway is proud to work with Health PEI to provide a consultation platform designed exclusively for doctors and nurse practitioners. This secure and reliable network connects providers with specialists, allowing them to collaborate and share expertise in real-time.

By joining Virtual Hallway, you become part of a dynamic community that values the exchange of clinical knowledge and teamwork. Together, we can make a difference in reducing waitlists and delivering exceptional patient care.

We do the work so you can focus on your patients

1

Book your consult

Request a call from your specialist of choice by selecting a time and sharing a few sentences on the patient and your question.

2

Receive your call

The specialist reviews your request and calls you to answer your question. Notifications ensure you'll never miss a call.

3

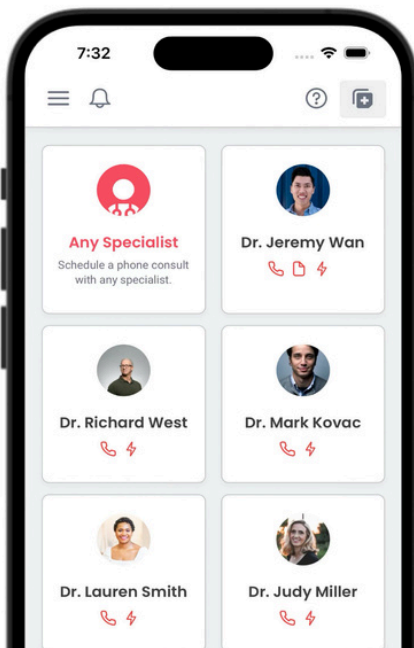

Help your patient

Confidently move your patient's care forward as the specialist documents the consult through Virtual Hallway.
